

School Growth Plan

School: Salmon Arm West Elem

Year: 2017-18

Principal: Val Edgell

Learning Goals	Rationale	Information	Strategies Identified
Goal #1: To improve student achievement in math and numeracy.	Performance standards, classroom assessments and FSA data all show that numeracy is the area where student achievement is lowest.	<ol style="list-style-type: none">1. initial classroom assessments in fall 2017-where appropriate2. FSA data3. Classroom assessments conducted by teacher throughout the year	<ol style="list-style-type: none">1. Critical concepts for each grade identified.2. Develop understanding of how concepts are developed K-53. Develop common understandings and approaches in order to help students make connections from one year to the next4. Look at the soon to be developed district assessment in the spring to provide information to inform teaching.
